

MINUTE OF JURY SELECTION

Call for hiring a coordinator of the animal facility, within the framework of the scientific employment stimulus - institucional call - 2nd edition

On the 2nd May 2023, the selection jury formed by Doctor Monica Bettencourt-Dias, Doctor Miguel Soares, e Doctor Elias Barriga met to analyse the applications to contract in the framework of the scientific employment stimulus - institucional call - 2nd edition funded by FCT

The call was open from 06/04/2023 until 20/04/2023. The jury analysed the documents submitted in the applications.

2 candidates entered the competition: Dr. Manuel Rebelo and Dr Sajad Farahani, and only the first presented the necessary requirements. Candidate Sajad Farahani does not have the admission requirement of having experience leading animal houses of a variety of species and model organisms, including but not limited to aquatics (frogs and fish), mice, flies and other invertebrates.

Therefore, the jury unanimously decided to recommend the hiring of candidate 1 based on his experience in leading animal facilities (including mice), international recognition and leading large teams and his motivation to lead the unit. There being no need for an interview, the candidates were ranked as follows:

Name	Full application	CV and previous experience (35%)	Motivation letter (30%)	Total (65%)	Final Mark (Conversion to 100%)
1 Manuel Rebelo	Yes	95	100	63.25	97.3
2 Sajad Farahani	Yes	0	50	15	23.1

All candidates were informed of the Jury's deliberations on the 8th May 2023. In the absence of contestation by the candidates to the deliberations contained in these minutes, these are considered effective after 10 working days of the communication of the results.

There being no further business to discuss, the meeting for which these minutes were drawn up and signed by all members of the Jury was closed.

Oeiras, 8th May 2023

Chair of the Jury (Monica Bettencourt-Dias)

Jury member 1 (Miguel Soares)

Jury member 2 (Elias Barriga)
